Reiki

Half Hour Reiki Treatment

靈
巫
氣

To:

From:.....

A Reiki treatment is wonderfully relaxing.

Reiki eases tension in the mind, relaxes the muscles in your body, calms the nervous system and harmonises your energetic system.

Reiki is a gentle noninvasive modality that reconnects your body with its innate sense of wellbeing. It is grounded in traditional Japanese energetic principals.

Reiki works at all levels of mind, body and spirit and is complimentary to all medical treatments. Treatments are hands on, yet non intrusive. You relax on a massage table, where you remain fully clothed. No massage is involved.
